Road Safety

The Green Cross Code

1. find a safe place to cross, stop just before the kerb
2. Look all around and listen
3. If traffic is coming let it pass, look around and listen again
4. When it is safe walk straight across the road
5. Keep looking and listening while you walk across the road

We have been learning how and where to cross roads safely. See if you can learn the 5 parts of the green cross code.

Remember to always stop look and listen when you come to a road. Hold your adults hand if you are under 8 years old and wait beside them when you are older.

Parents' News

Tired children - We are finding that many children are tired in school, particularly our younger children. Children need to have 12-13 hours sleep every night to keep them fit, healthy and ready to learn at school. Please try to get children into good routines so this happens. **Reading** before bedtime is the best way for children to fall asleep. (screens wake the brain up and make it more difficult to fall asleep) Aim for 7.00 pm bed, asleep by 7.30 with younger children and 8.00 pm bed, asleep by 8.30 pm for older children.

Our governors would love to meet you at our **'Meet the Governors breakfast'** on Tuesday 29th November from 9.00 please come along find out what they do, tell them what you like about our school and what you think would make it even better.

World of Work Week is happening soon (the week beginning 28th November) we would love it if you could spare 20 minutes to come into your child's class and talk about your work. Children are keen to learn about all types of work, even if you don't feel your job is very exciting, the children will be interested to learn about your work! If you don't work, you may have a relative who would be willing to visit. Talk to your child's class teacher to find out more and help us make our World of Work Week a success.

This week we have been learning about **Road Safety**. We told children that they need to cross safely with an adult. The safe places to cross are on the zebra crossing on Upper North street and the pelican crossing on East India Dock Road. We are in contact with Tower Hamlets to get a Crossing Patrol Officer back for Grundy Street, this is taking a long time! When you cross please find a safe place where you can see clearly and teach your children to use the **Green Cross Code** before crossing the road. Keep looking and listening as you cross. Younger children should be holding your hand. This could save your child's life!
